Subject: NFL Flag and Anthem Protests

Follow Up Flag: FollowUp
Flag Status: Flagged

My husband and I have been very excited about the Raiders relocating to Las Vegas! We have made the deposit to buy season's tickets.

We have also followed developments starting with Mr. Kapernick's protests last year. We're very concerned about the protests' impact on the business aspects of the league, and the viability of a franchise here in Las Vegas as a result of these protests and fans' and sponsor's reactions. We were planning to buy season's tickets because we've always been huge NFL fans; but more importantly to us, we wanted to support and help make successful our local team. For us this is a large financial expenditure.

Recent news about Raiders teammates "throwing a game" in protest to their quarterback not taking a knee with them is very troubling. This is something the LV Stadium Authority may want to investigate, as well as the viability and future of Raiders Nation here in Las Vegas given the continuing negative developments in the league.

Thank you for your attention to this matter.

Hi this is just a suggestion

I know that the stadium won't be ready until 2020 but is there a way you guys can put in a bid to host wwe wrestlemania 37 in March or April 2021 at the stadium. Wwe had a Wrestlemania in Las Vegas before but it was Wrestlemania 9 in 1993 in front of ceaser palace which was the smallest ever attendance. Vince McMahon owner and chairman of wwe wanted Wrestlemania in Vegas again not to long ago but Las Vegas at that time didn't have a stadium or arena that can hold an attendance over 51,000 which these days Wrestlemania has an attendance over 51,000 every year. So is it possible you guys can put in a bid to wwe to host Wrestlemania 37 in 2021.

Thank you for your time.

Hi

I just emailed you guys about putting a bid in for Wrestlemania. I have another suggestion, I saw on your meetings that parking situation is a major issue for the stadium. Why not just try to have underground parking under the stadium that can be like 10-12 floors underground, each floor underground could hold about 2,500 which all together can be 30,000 underground parking spaces, then 2,500 parking spaces already right outside the stadium which can be used for handicap and vip parking. if you Guys can pull this off that'll cover Almost 33,000 parking spaces just on site.

Thank you for your time

Subject: 51s stadium Las Vegas Ballpark

I would hope that the stadium authority would do their due diligence and explore the best options for sports stadiums in Las Vegas.

A lot of us citizens feel that the cost of the Raiders Stadium is far too high and we could and should get far greater value for the \$750 million/\$1.9 billion being spent. On top of this another \$80 million/ \$150 million on a ballpark.

For more than \$2 billion and \$830 million of public money we should be getting at least two Professional stadiums one for football and one for baseball.

I would like the stadium authority to meet with HOK/Populous to design a master planned sports complex with two stadiums near the Strip. The dream scenario is to have both NFL and MLB in Las Vegas. HOK/Populous have built dozens of football and baseball stadiums both/combined for less than \$2 billion. They are far better looking, of better value and masterplanned.

Please talk to HOK/Populous and get a second and even third opinion on how that money can be best spent. Manica is not the only firm that builds stadiums and by shopping around we can get a better deal. Please look into building the Raiders practice facilities in Summerlin and building two Professional stadiums near the Strip. Don't let our city get ripped off.
