**PURPOSE AND BACKGROUND**

Senate Bill 1 of the 30th Special Session of the Nevada Legislature (SB1), the Southern Nevada Tourism Improvement Act (Act), was signed into law in October 2016. The Act provided for the financing and development of Allegiant Stadium.

Section 29.5 of SB1 required the developer partner (DevCo) of the Las Vegas Raiders and StadCo to develop a Community Benefits Plan to ensure the greatest possible participation by all segments of the local community in the economic opportunities available in connection with the design, construction and operation of the National Football League stadium project developed by the developer partner and operated by StadCo.

The Plan requires public reporting identifying StadCo's operational compliance with the Plan.
